It is time to recognise the critical contribution frontline health providers make to global health as agents of change. Let's amplify their voices!

PATA 2020

Frontline health providers need to have the tools, training, capacity-building, sensitization, resources and effective linkage to communities to deliver comprehensive and stigma-free child and youth friendly  HIV services for all.

#NothingForUsWithoutFrontlineHealthProviders

#TeamPATA supports all coalitions, working groups and partner organisations focusing on children, adolescent and young people during the #AIDS2020Virtual conference.

Please find links to all partner organisation roadmaps and communications around their activities at the conference.

Aidsfonds

Find the latest Aidsfonds news, including where they will be participating in #AIDS2020Virtual on their website.
